NOTICE TO ALL BUILDING CONTRACTORS

SETBACK AND MINIMUM BUILDING OPENING REQUIREMENTS

Gaines Township requires a **certified survey** of your property ***after the foundation is poured and before framing can begin.*** This survey must verify **proper setbacks and minimum building openings (M.B.O).** All new structures require this survey to insure that the structure is legally placed on the property.

Special Note:

Building Features over thirty (30) inches in height must also be within the minimum front and side yard setback requirements. Initial building placement must take these building features into consideration prior to setting footings or pouring walls. Any structure with a roof must meet setback requirements.

Exceptions: Bow windows, bay windows, or chimneys without a foundation can encroach up to two (2) feet into the side yard.
